Dear Readers

It is a matter of great satisfaction for us to see *The Piffer* in the hands of our esteemed readers. We have made strenuous efforts to publish this issue in a befitting manner and we assure you not to spare any efforts in maintaining its glorious standard and decor in future.

We repeat our annual request to our readers to provide articles for future journals and our thanks are also due to those who kindly provided them for publication. This time the contributions were encouraging but we had to be fairly selective to keep the volume of *The Piffer* limited.

We are grateful to those whose letters we received. Their praiseworthy words are indeed a source of encouragement for us.

KHUDA HAFIZ & HAPPY READING

COLONEL COMMANDANT'S MESSAGE

We owe a great deal to *The Piffer* Journal which over the years had given the Piffers a common point of reference, and established a stage to unify their efforts and activities and mutual information on extra curricular activities.

The importance of *The Piffer* Journal in unifying the Piffer family and maintaining its esprit-de-corps and decorum is praiseworthy, which I am positive will improve with time. My appreciation and very best wishes are due to the Commandant Frontier Force Regimental Centre and the Editorial Staff for including invaluable qualitative improvements in the Journal.

9 Frontier Force (Wilde's) had a unique distinction of presenting a 'Guard of Honour' to the first Prime Minister of Pakistan, Mr. Liaquat Ali Khan, on 29 September, 1948 at Rawalpindi. EXTRACT

ORDER BY THE RIGHT HON'BLE THE VICEROY AND GOVERNOR-GENERAL

26TH JULY, 1886

"With the sanction of H.M. Government the Right Hon'ble the Viceroy and Governor-General of India in Council is pleased to notify the transfer of the Punjab Frontier Force, the administration of which hitherto been vested in the Government of the Punjab, to the command of the commander-in-Chief in India.

In doing so, His Excellency in Council is authorised to express the high sense entertained by H.M. the Queen Express of the loyal and brilliant services which the Punjab Frontier Force has invariably rendered to the State from the earliest period of its creation.

In arranging the details of this change of control, the political exigencies of the Frontier have been kept in view, and every effort has been, and will be made to interfere as little as possible with the system of Frontier administration.

The Force will, therefore, continue as a separate unit for Frontier duties and, as far as practicable, its local and distinctive character will be preserved, its institutions maintained, and its existing privileges continued.

The transfer will take place from 1st August 1886, and His Excellency the Viceroy and Governor General in Council is confident that all ranks of the Force, British and Native, under the command of His Excellency the Commander-in-Chief, will spare no effort to uphold worthily the traditions of loyalty, discipline and bravery which have been handed down to them, and to maintain unimpaired the efficiency, esprit-de-corps and soldierly qualities which have gained for the Punjab Frontier Force honour and distinction, both in the field and in cantonments, and have raised this fine body of troops to the distinguished position of a fighting force second to none in the Army".

Sepoy Ali Haider, VC
8th Royal Battalion (Scinde) 13th Frontier Force Rifles

CITATION

*6th Royal Bn (Scinde) 13 Frontier Force Rifles now
1st Bn (Scinde) the Frontier Force Regiment
Date of Act of Bravery 9th April 1945*

In Italy, during the crossing of the river Senior, near Fusignano, in daylight on 9th April, 1945, a Company of the 13th Frontier Rifles were ordered to assault the enemy positions strongly dug in on the far bank. These positions had been prepared and improved over many months and were mainly on the steep flood banks, some 25 feet high.

Sepoy Ali Haider was a member of the left-hand Section of the left-hand Platoon. As soon as the platoon started to cross, it came under heavy and accurate machine gun fire from two enemy posts strongly dug in about 60 yards away. Sepoy Ali Haider's Section suffered casualties and only three men, including himself, managed to get across. The remainder of the company was temporarily held up. Without orders, and on his own initiative Sepoy Ali Haider, leaving the other two to cover him, charged the nearest post which was about 30 yards away. He threw a grenade and almost at the same time the enemy threw one at him, wounding him severely in the back. In spite of this he kept on and the enemy post was destroyed and four of the enemy surrendered. With utter disregard of his own wounds he continued and charged the next post in which the enemy had one Spandau and three automatics, which were still very active and preventing movement on both banks. He was again wounded, this time in the right leg and right arm. Although weakened by loss of blood, with great determination Sepoy Ali Haider crawled closer and in a final effort raised himself from the ground, threw grenade, and charged into the second enemy post. Two enemy were wounded and the remaining two surrendered. Taking advantage of the outstanding success of Sepoy Ali Haider's dauntless attacks, the rest of the Company charged across the river and carried out their task of making a bridge-head.

Sepoy Ali Haider was picked up and brought back from the second position seriously wounded.

The conspicuous gallantry, initiative and determination combined with a complete disregard for his own life shown by this very brave Sepoy in the face of heavy odds were an example to the whole Company. His heroism had saved an ugly situation which would – but for his personal bravery – have caused the Battalion a large number of casualties at a critical time and seriously delayed the crossing of the river and the building of a bridge. With the rapid advance which it was possible to make the Battalion captured three officers and 217 other ranks and gained their objectives.

Legendary is their speed & they march very fast.

Be it a treacherous desert or the deep snow.

They are ever ready and waiting for the "go".

There would be many but none like them.

And the fast and furious is one of them.

Play the tune and move with the beat.

Victory is their's and will kiss their feet.

United they remain like the ship and the mast.

here was not a "battle" which they had lost.

Their valour IS known and earned a big name.

They fought many wars and earned big fame.

BRIEF NEWS -- HOME OF PIFFERS

Reunion - 1990 :

The arrangements for the Piffer Reunion 1990 started with the renewed zeal and enthusiasm aimed to excel all previous reunions in the best possible manner. The Centre Commandant frequently reminded the officers and Junior Commissioned Officers of the impending arrival of the veterans and the serving; their tastes and habits, stressing the need for their comfortable stay, recounting the events, happenings and good and bad points of the past. Their hectic task which lay ahead created a sinking effect. However, with each day nearing the tension eased as things started taking shape.

Past History :

The tradition of reunion as recalled by the old stalwarts had been set by the Piffers. It was the Piffers who initially gathered the CO's and later called the pensioners for a get-together and exchange of views. After World War II the Piffer Week was held regularly at Kohat. Later when Abbottabad replaced Kohat as the Centre of activity, the first post-war Piffer Week was held in Abbottabad with great success.

PIFFER DINNER - 1949

In 1949 the first centenary took place in the first week of October at Abbottabad with great pomp and show. Over six thousand pensioners and serving soldiers participated.

BAND DISPLAY - 1949

The Piffer Week had been a regular annual feature where as the reunions were held every five years. The reunion held in 1990 could also be called the 141th anniversary celebration as the Raising Day fell on 18 May, 1990.

Initial Preparation :

Traditionally accommodation was arranged for all COs and other serving and retired officers, Junior Commissioned Officers and other ranks. As was the practice all the messes, rest houses and some good hotels were reserved for the guests who were to attend the reunion. Families were also invited to enjoy the scenic beauty of Abbottabad in the month of May, 1990. The Centre and the Mess was glowing with multi-coloured lights. The trees in the mess were decorated with strings and buntings which gave an enchanting look. The lighting committee had taken pains to give a bridal look to the complete area. The 100 year old-dayar tree which stands in the centre of the mess stood with majestic grandeur, welcoming each guest with its open arms. The War Memorial was also appropriately decorated keeping in view the occasion.

NARRATION OF EVENTS

Reception:

The reunion started with the reception of officers, Junior Commissioned Officers and other ranks on 13 May, 1990. The reception committee made sure that each guest was received in a befitting manner, providing conveyance which ever needed and information for the benefit of our guests. The task of the accommodation committee was a difficult one. The sanguinity and sensitivity of nature of the retired officers was specially kept in mind. Of course the serving had to be patient, but then thanks to all and sundry. They tolerated our unintentional mistakes, inclusive, the Piffers who attended. The senior serving and retired officers who attended were General Muhammad Iqbal Khan, Lieut-General Imran Ullah Khan, Lieut-General R. D. Bhatti, Lieut-General Abdul Waheed, Lieut-General Bakhtiar Rana, General K. M. Arif, Lieut-General K. K. Afridi, Lieut-General Ahmed Kamal Khan, Maj-General Shafique Ahmed, Maj-General Ghazi Ud Din Rana, Maj-General Ahmed Ali, Maj-General Shaukat Ali Shah, Maj-General Muhammad Akram, Brigadier Rauf Ahmed Khan, Brigadier Tor Gul, Brigadier Mian Taskin Ud Din, Brigadier N. A. Hussain, Brigadier M. M. Sarfaraz Khan and Brigadier Muhammad Safdar.

14 MAY

Wreath Laying :

The ceremonies of the reunion started on 14 May 90 with the Fajar Prayers and Quran Khawani. The same day the wreath was laid on the War Memorial in memory of the Piffer martyrs. This War Memorial was shifted from Kohat in 1964. It stands magnificently next to the mess lawn having been inscribed with the names of two Nishan Haider, six Hilal-e-Jurat, seventyone Sitara-i-Jurat, eightyfive Tamgha-i-Jurat, ninetythree Tamgha-i-Imtiaz and names of other martyrs of

the great Piffers. The ceremony was to be performed by Colonel-in-Chief General Muhammad Musa but his illness resisted him from attending. The Colonel Commandant General Ahmed Kamal Khan, therefore, was the Chief Guest. The ceremony was attended by officers, Junior Commissioned Officers and other ranks and pensioners in full ceremonial dress. The wreath laying ceremony was gorgeous, simple and magnificent. The smartly turned out guard commanded by Captain Ahmed Nawaz saluted the valour of the great Piffers martyrs. Fateh Khawani was offered and the chief guest saluted and laid the wreath. It was a grand ceremony worth witnessing. On this occasion we remembered all those who were not amongst us.

Attestation Parade :

The attestation parade, an important event, was performed in the afternoon. The Colonel Commandant was the chief guest. All the serving and retired officers, Junior Commissioned Officers and other ranks attended the parade. The chief guest recalled the glorious past of the regiment and commended the recruits for joining a regiment with high traditions and whose history is full of acts of supreme gallantry and chivalry. The Colonel Commandant appreciated the smartly turned out parade and was impressed by the high standard of training. He distributed prizes among those recruits who had achieved distinction during their training at the Centre in various fields.

Basketball Championship :

The basketball championship was arranged on league basis. The teams started the competitions well before the start of the reunion enabling the organisers to arrange the finals on 14 May 1990. Serving and retired officers were invited along with their families to witness the match. The final was played in the evening under search light. It was a fine arrangement and the spectators enjoyed the game. 9th Frontier Force managed to lift the trophy with comfortable ease. Wildes played as a well knit team and continued attacking their opponents. The match was rather one sided as the Wildes dominated the game from the word "go". With the Centre Commandant Brigadier Fazle Qadir being from this unit the whole Centre was backing them. 'Who can blame us under the 'circumstances! Many old friends called it manipulation to ensure a win for the Commandant's unit. 36 Frontier Force were the runners-up.

15 MAY

Commanding Officers' Conference :

The Commanding Officers' conference started in the morning. The Colonel Commandant presided over the conference. This was a long and hectic day for the

commanding Officers. They were addressed by Director General Infantry, Military Secretary, Adjutant General, Quartermaster General and Inspector General Training and Evaluation. The same day the guests were invited for golf on the lush green acres of the golf club.

Variety Show :

In the evening a variety show was arranged separately for the officers and their families in the officers mess and for the Junior Commissioned Officers, Other Ranks and families in the Piffer Stadium. Talented artists from the Piffer Regiment and some fine outsiders entertained the gathering. The gleam of colourful light was a spectacular sight. Every one enjoyed the entertainment which continued till late at night.

16 MAY

Visit Quarter Guard :

The Colonel Commandant visited the new quarter guard located at the height with huge lush green lawns surrounding it from three sides. It gives a fine view from Mansehra Road. The new Centre Headquarter offices are also located just behind it which have now been inaugurated by the Colonel Commandant, Lieut-General Ahmed Kamal Khan. The well turned out guard was appreciated by him. The foundation stone of this new quarter guard was laid by the previous Colonel Commandant, General K. K. Afridi while the inauguration was performed by the late President General Muhammad Zia Ul Haq.

Chief of Army Staff Arrival :

The Chief of Army Staff arrived at 0930 hours. He was received by the Colonel Commandant, Centre Commandant Brigadier Fazle Qadir and other senior ranking officers. From the helipad he was driven to the lush green football ground which is bordered on both sides by symmetrical chinar trees. There he held his *darbar*. The *darbar* was attended by all ranks besides senior retired and serving officers. In his

address he recollected the past and present achievements of the Piffers Regiment. Later he addressed the Commanding officers of the regiment in the Piffer Auditorium, after which he had lunch with Piffer guest officers. After playing a few strokes at the Golf Course (which the COAS normally makes a point not to miss) he departed for Rawalpindi.

Officers Attending Durbar

Officers of Guides

Garden Party :

Keeping in view the tradition a garden party was arranged in the lawns located between the officers mess and the Piffers Memorial. The guest officers who attended alongwith their families had the opportunity to have a free chit chat with the senior officers. The children took advantage of the occasion and had a free run in the lawns and a lot of soft drinks and cakes.

Bara Khana :

Bara Khana was the final event on this day which was held in the Piffers Stadium. The stadium was colourfully decorated for this occasion. This was attended by a large number of guests. After the Bara Khana the traditional folk dances, and fire works were arranged. The Khattak dance, Mahsud dance and ludi dance were appreciated by all. Besides a variety show by troops was also arranged. The spectators were greatly amused by the show. The display of fireworks was breath-taking.

17 MAY

Firing Competition :

(Nishan-i-Haider Trophy)

The firing competition for Nishan-i-Haider Trophy was held at the Piffer range. In all, 17 teams from different zones participated. The elimination round had seen 45 Frontier Force and 3 Frontier Force qualifying for the finals with 45 Frontier Force maintaining a 4 point lead. The final was witnessed by a large number of retired and serving Piffers. From the start, all went well for 3rd Frontier Force team who outclassed 45 Frontier Force and took away the coveted trophy for the first time.

Band Competition :

The elimination round for the Band competition started a week before the reunion. The Music School had very kindly provided the services of their experts for judgement. It was a tough task for them to make a selection out of such promising bands. The finals were held in the presence of all ranks, guest officers and ladies. 15 Frontier Force band was declared the winner while the runners-up trophy went to 12 Frontier Force. The Colonel Commandant distributed the prizes. Efficiency Trophy was awarded to 36 Frontier Force while 16 Frontier Force and 2 Frontier Force were placed second and third respectively. The Frontier Force regiment is one of the wings, instrumental in bringing about the persons of the units.

Piffer Dinner :

The Piffer Dinner is one of the main events of the reunion. The retired and serving officers considered it a privilege and honour to be invited on this occasion. A number of Piffer officers were therefore present to discuss the present and remember the past. Officers were seen behaving somewhat childishly, having hearty laughs and embracing old friends and acquaintances. The Piffer Dinner thus caused a stir and became the hallmark of the reunion. The number exceeded so much that the big dining hall seemed too small. After dinner speeches were made by the Colonel Commandant Lieutenant General Ahmed Kamal Khan and Lieutenant General Bakhtiar Rana on this occasion. The dinner was preceded with the display of the Piffer band.

*Lieutenant General Bakhtiar Rana Discussing
The Present and Remembering the Past.*

Mess Meeting :

The Mess Meeting was arranged in the Piffer Mess attended by all serving and retired officers. The retired officers

THOSE WHO CAME

were the most active and aired out their feelings openly. On this occasion a new Piffer anthem written by General Khalid Mahmood Arif and the Music composed by Khalid Ahmed, was presented and approved. To record the occasion, a group photograph of the retired and serving officers was taken.

Football :

Like other events the competitions for football were also played on knock-out basis. In all 16 teams from different zones participated out of whom 7 Frontier Force and 10 Frontier Force team reached the finals. The old stalwarts of both the units were seen enthusiastic in applauding their respective units. The finals saw 10 Frontier Force winning the competition. Since the Colonel Commandant and all senior retired and serving officers were present, as such, the occasion was also taken advantage of, for the distribution of prizes. The most important trophy of the year i.e. The Colonel Commandant.

Piffer Trust Meeting and Colonels of The Battalion Conference :

The Colonels of the Battalions met and discussed matters of variety of interest. The Piffer Trust meeting was also convened. It was attended by the Colonel Commandant, Centre Commandant and all committee members.

Dispersal :

Finally came the day of dispersal when all guests left with a heavy heart and pleasant memories. The Commandant Brigadier Fazle Qadir alongwith his staff was there to bid farewell and say a final "PA MAKHA DE KHA" and wish all a very happy return next year.

Ladies Functions :

The reunion was held at a time when the scenic beauty of Abbottabad was at its zenith. The accompanying ladies enjoyed the visit. During the reunion one function was arranged for the ladies each day. The lunch on 6 May 90 and the dinner on 17 May 90 was arranged side by side for ladies in the Piffer House. The ladies club had arranged their own

variety show on the dinner night. The guest ladies enjoyed the occasion immensely. The Child Welfare Centre function was attended by a sizeable number of ladies which included the local officers wives; and the families of the Junior Commissioned Officers and Other Ranks. A sumptuous tea was arranged for them. The Junior Commissioned Officers

and Other Ranks families took active part in arranging the functions. The prize distribution and diplomas for the successful candidates of the Child Welfare Centre was done by Begum Brigadier Fazle Qadir. A variety show was also arranged on this occasion by the families which was highly appreciated. The ladies coffee party arranged in the Piffer Golf Club was an enjoyable feature. The ladies also enjoyed the garden party especially the children who also participated. The credit for the success of the ladies party goes to Begum Fazle Qadir and the centre is greatly indebted to her for making positive contributions towards the welfare and social activities of our families in the Centre.

GOLF

Piffer Golf

The Piffer Golf Club lies in the beautiful city of Abbottabad, city of towering and majestic chinar trees, which encompass the entire Valley in its laps. While standing in the Piffer Golf Course a player not only enjoys the game but also appreciates the breath-taking scenario. It seems the heaven is under his feet and he feels heavenly while viewing the towering but delight sublime Surban Dacca, the quiet but beautiful Simla Hill which is laden with tall trees, the snow clad mountain ranges leading to Thandiani in the front and the rising tops of Kaghan in the west. Truly, the Piffer Golf Club is in the nucleus of all this beautiful scenery, as such making it a class above all the other Golf courses in the country. In view of the enchanting natural scenes, the honorary secretary of the Piffer Golf Club Lieutenant Colonel Muhammad Amin Khan deserves appreciation, whose sincere efforts have made the Golf Course more important and beautiful. Many dignitaries and veterans have honoured the course by playing in it, including Lieutenant General Bakhtiar Rana, who recollects his hey-days he spent playing Golf in the Course. He even knows the number of trees in the area which gives us an idea of his love for this place. Besides him many dignitaries including foreign diplomats have also

graced this Golf Course. As such the Piffer Golf Club is quickly developing an international fame and reputation.

Sent best wishes for Christmas and New Year. The most appealing and exquisite aspect of his card was the illustration on the front page, indicating the 3rd (Prince of Wales) Dragon Guards).

Served in 2/23 Frontier Force Rifles from 1942-46. He wished the Commandant and all ranks with the season's greetings and good wishes for the new year. He was also kind enough to send us a Divisional emblem of 26 Indian Division (1939-45) which showed an Indian Tiger in a blue triangle.

LIEUT-COLONEL PONSONS SMITH

Thanked the Commandant for being so kind and helpful to his grandson David Peilt who in his own words "Thoroughly enjoyed himself".

COLONEL C. F. ALLEN

His beautiful card illustrated parts of Scottish highlands covered with snow at this time of the year. He wrote :

"As I write this snow is forecast for most of Scotland. Living 30 feet from the sea we generally do not get snow".

MAJOR & MRS. D.A.T. WILSON

Served with Ekwanja from 1940-1946. His Piffer spirit reflected in his words, "Up the Piffers". Accurately.

"May I say how smart was the Quarter Guard, how keen the young Jawans recently recruited, how efficient and caring their instructors. The officers we met made us feel at home immediately. It was a moving and wonderful experience for us, including Major Muhammad Amin who suffered my golf performance and Major Muhammad Saleem at the marvellous Museum". We felt, I, we both wished we were 40 years younger and back with you.

CITATION

Chumick Operation :

Chumick Glacier lies at a height of 23,000 feet in the areas of Siachen, North East of Pakistan. Due to repeated clashes and fighting going on in the Siachen glacier area, Chumick has become a very important and dominating sector since it dominates and provides easy access to the Bilafond Glacier held by Pakistan.

On 17th March 89 the Brigade Commander was flown by an Aviation Lama helicopter piloted by Major Shahab and Captain Zia, a Piffer. When flying over own artillery observation post position they monitored movement of enemy troops. They had established a few camps and were climbing a mountain which, if occupied by them, could have given them opportunity to dominate the complete Chumick Glacier. The Brigade Commander directed the Commanding Officer of the Infantry Battalion whose troops were deployed in the sector to occupy the feature before the enemy.

After two days of tireless efforts of climbing the feature, on 19th April, the Forward Commander Northern Area who was present at the Battalion Headquarters asked the Army Aviation to drop a few jawans on the top of the feature. Conventional landing was not possible. It was then decided by the pilots to sling the troops under the helicopter and drop them on top of the feature. Captain Sehgal and Zia Ud Din (Now both Majors) of the Army Aviation were selected to undertake this unique task.

On 19th April 89 the first volunteer officer Lieut. Naveed (Now Captain) was dropped on top of a feature whose height is 21500 ft creating a new record in the history of Army Aviation. The same day Naik Yaqub (Now Havildar) Special Service Group was also dropped on the top. This feature was then named Naveed Top, after the first man on top.

On 21st April 1989 Captain Zia Ud Din and Raheel Sehgal dropped 14 more officers and jawans thus taking the strength on Naveed Top to 16 all ranks. Captain Naveed, Captain Kamran, Havildar Yaqub and Captain Sehgal were awarded Sitara-e-Jurat. Captain Zia was awarded Imtiaz Sanad for displaying valour in this operation. He was, however, later awarded a Tamgha-e-Basalat in March 1990.

Captain Zia Ud Din is, a highly motivated, selfless and zealous officer, who on 19 April 1989 as Co-Pilot with Captain Raheel Sehgal landed the first man in the history of military warfare at 21500 feet. The assigned task was conducted at the extreme aircraft limits and human capabilities. Success of the mission was only possible due to the exemplary devotion, enthusiasm, courage, display of the highest standard of professional competence by the two pilots – one of them Captain Zia Ud Din, a Piffer.

Citation of No. 3445581

L/Hav Khaki Jan (Shaheed) :

On 12 September, 1965 Number 3445581 Lance Havildar Khaki Jan was Commanding Recoilless Rifle detachment in the forward defended locality ground Khem Karan when Indians launched a battalion attack supported by a squadron of armour.

With heavy odds against him and particularly when there was only one Recoilless Rifle (his) in the area it was indeed depressing to see the enemy tanks close up to round own infantry elements. Every thing looked gloomy but Lance Havildar Khaki Jan kept his nerves, allowed the enemy to come well within the range and then with great determination, courage and fighting spirit knocked out three tanks thus bringing the enemy armour to a halt and beating back the enemy attack. Lance Havildar Khaki Jan was severely wounded and finally gave up his life in the gun position. Lance Havildar Khaki Jan displayed great courage and devotion to duty and loyalty to his comrades and Battalion. He sacrificed his life for the country and saved the situation for his Battalion.

ACHIEVEMENTS OF PIFFERS

DALER COY - 19 FF (THE PIFFERS TIGERS)
COUNTER ATTACKS IN SHAKARGARH
SECTOR - DEC 71 WAR
BY
(COL HAMID MAHMOOD)

This action is a first hand account of some achievements of D Coy 19 FF (The Piffers Tigers) during Dec 1971 war. It is difficult to narrate the details since this action was undertaken two decades ago. It was full of courage, heroism and devotion to duty by all ranks of the coy in a true Piffer style.

In this short but exciting operation on the border area of Jalala Band Ikhlaspur and Berikhard where the coy (DCoy) was acting as bde Advance Position, was finally

ordered to RV at Shakargarh perimeter defence, night 9/10 Dec 71 as part of battalion defence. It was a tactical withdrawal under enemy observation and its main threat coming from Chak Amaru. At Shakargarh the coy was ordered to defend northern axis facing Chak Amaru and also to act as battalion reserve.

The situation on night 14/15 Dec 71 at Shakargarh was very tense i.e at about 1930 hours a Bengali Lnk Suleman Sarkar, an LMG No. 1 of A Coy reported enemy forming up for assault and advancing towards his position from Chitrana Forest area (marked on the map). He quickly shouted "Doshman Agia". Earlier to that enemy's first attack had already been reported on left forward platoon of B Coy at Dinpur area on Ikhlaspur road. At battalion headquarter a strange coincidence occurred, signal JCO N/Sub Rafiq was monitoring enemy cross talk on a spare wireless set which was going on in Gorkhali, later they spoke in English where a CO was enquiring from his coy comd about the progress of an attack and asked him to fire a very light so that he could spot his position and visit him. This very light was fired from a high ground west of village Tera (C Coy area) approx 200 yards from battalion headquarter. The entire battalion was under attack, C Coy was overrun. Left forward platoon of B Coy defending important road Ikhlaspur - Niana Kot was reported overrun. Enemy had penetrated C Coy defences and other enemy's strong elements were pressing A Coy's depth platoon and Mortar platoon was also under attack. Entire battalion was under intense enemy artillery shelling.

It was an occasion for demand of greatest heroism and most conspicuous courage in circumstances like this that the CO (Lieutenant Colonel Shafiq Ahmed, SJ) embarked upon a mission to defend the motherland by

launching battalion counter attacks to uphold the lofty traditions of Piffers and the desire to shed their blood in the name of Allah. All ranks of the battalion headquarter were collected including one of D Coy platoon remaining at original position on Chak Amaru axis was given under command Adjutant Captain Faryad Ali, others consisting of Subedar Major Gulin Khan, MT Dvrs Clerks, Doctors, Dhobies, Barbers and Sweepers etc, CO personally led these elements which charged on to the enemy at the high ground and pushed them back to Tera village. Enemy had made 3/4 feet deep trenches when they were attacked. In this action Captain Faryad Ali was badly wounded besides other casualties.

Simultaneously at approx 2000 hours D Coy received wireless instruction from CO to immediately counter attack left forward platoon of B Coy at Dinpur on Ikhlaspur - Niana Kot road without wasting any time, coy headquarter with 2 x platoons rushed to counter attack that area. Although coy was promised that a troop tank will join them in counter attack but they never came. Coy's first attack was successful and position was restored.

As the enemy had overrun C Coy and fighting was going on in Chitrana village in A Coy area and Tera Village, CO had appreciated the main attack of the enemy from north and D Coy was ordered to immediately return to battalion headquarter leaving 1 x platoon to strengthen B Coy to defend important road Ikhlaspur - Niana Kot axis where coy first encounter was with 4 Gernadier who fled away in darkness leaving behind some dead and POW. At 0100 hours after completing first task DCoy headquarter and No 11 Platoon and pioneer platoon (which was collected enroute) reported to battalion headquarter. Meantime a troop of tank from 33 Cavalry had also arrived. CO

quickly briefed the coy comd for next task that was to counter attack Chitrana Forest and Tera village where Lnk Suleman Sarkar of A Coy and Mortar Platoon were involved in fighting. Enemy at a short period had made well prepared defences in the village by linking each house through crawl trenches. Trenches were made inside court yards of houses, passage holes from house to house were made.

D Coy Comd was confident of his men who had behaved so well with courage and devotion worthy of all praises, although the coy had suffered casualties in first counter attack and had almost dashed over ten miles area and undertaken an assault. Distance from D Coy location to B Coy was approx 8 - 10 thousand yards one way. In the spirit of enthusiasm, bravery and heroism, the D Coy (No 11 Platoon and Pioneer Platoon) and troop tank charged on to the Chitrana Forest. The spirit of sacrifice was so overwhelming that one Sepoy Sikandar who was rushing forward was overrun by own tank. The action showed sharp encounter with 1 x MG crew firing who were overpowered and captured. Enemy left their dead and ran out of the forest as they succeeded in rushing out in darkness. The CO who was following behind on wireless ordered the coy to clear and re-establish C Coy position in Tera village, where the fate of this coy was not known as Coy Comd Maj Afzal's dead body was found tied up with a tree by a telephone wire and his back was riddled with bullets. C Coy Havildar Major Alam whose stomach was cut with bayonet breathed his last. The bayonet was also recovered from enemy POW and preserved.

D Coy headquarter, No 11 Platoon and Pioneer Platoon approx strength 75 men, later attacked at Tera village where the enemy was well dug in and in a

desperate hand to hand fight and with a clever move of Coy Havildar Major Sawar Khan who managed to get on top of a house, the coy by morning had captured enemy's 3 x offrs and 47 x OR from 3/9 Gorkha Regiment and men from 1st Mahar near Chitrana Forest and Tera village. The severity of the fighting is evident by the fact that enemy left behind many dead and wounded (3 x en offrs i.e Major Surwray who was badly wounded and other 2 - Lieutenants were made POWs). Later 23 enemy OR were captured on the east of Tera village who were trying to escape. Besides this large quantity of arms and ammunition was captured. After the war unit officially returned 63 dead bodies to 3/9 Gorkha Rifles and 10 dead bodies to 4 Grenadiers whereas own casualties were 19 Shaheeds and 38 wounded. In short D Coy performed the following actions :-

Counter attacked throughout the night as follows :-

- a. Counter attack B Coy area (Dinpur - Rd Ikhlaspur)
- b. Counter penetration by 12 Platoon under the Adjutant Capt Faryad Ali at Tera village.
- c. Counter attack by 12 Platoon and under Lt Col Shafiq Ahmed & SM Gulin Khan personnel at village Chitrana.
- d. Counter attack by Coy headquarter, 11 platoon and pioneer platoon at Chitrana Forest (A Coy - Mortar platoon positions).
- e. Counter attack Tera village and involved in hand to hand fight for recapture of the village.

This is an attempt to encompass in one small note action of 19 FF (Piffers Tigers) with some details of D Coy which I had the honour to command, this coy was involved in a hand to hand fight from the word go at 2000 hours to 0800 hours on night 14/15 Dec 71. The planning and conduct of action under a forceful and energetic leadership of the CO and inspired by him to undertake such a stirring record of achievement of the unit was made possible by our motto "Labaik" and the desire to lay life so that others may live.

There was such an immense amount of work, energy and enthusiasm which was put into to evict the enemy so skilfully that very few encounters in Pakistan Army's history must have experienced where a unit/coy launched four counter attacks in one night. The courage, vigilance, wit, accuracy, determination, boldness and above all faith in the glory of Islam displayed by all ranks of Piffer Tigers in true Piffer style has been well recognised in Piffer family. For this action 19 FF was awarded Battle honour of Shakargarh.

It will be unfair to mention without referring to many grievous losses of the coy/unit sustained to an action fought with such a valour, skill and ferocity and those who earned coveted distinction of 'Shahdat' and whereas remainder emerged as 'Ghazis'.
